2021 American Kratom Association Consumer Champion of the Year

AMERICAN KRATOM ASSOCIATION
GMP QUALIFIED VENDOR

INTRODUCTION

Steding & Sons Mercantile is proud to share 1836 Kratom. We strive to provide our superior products in the safest and most ethical way possible. We are an American Kratom Association GMP Qualified Vendor and we seek to constantly improve our knowledge and processes. Many of our team members and loved ones are kratom consumers, so we not only demand safe products for our customers, we demand them for ourselves and our families! We firmly believe in the potential of this plant and conscientiously advocate for it: encouraging responsible and ethical regulation, sales and consumption. Every lot of our kratom is tested, by accredited 3rd party laboratories, in the United States, and goes through our proprietary heat-sterilization process to help ensure a safer product. These lab results are shared on our website, offering you peace of mind.

We gratefully support ongoing kratom studies at the University of Florida, contributing to the agricultural research of Dr. Brian Pearson and pharmacological research of Dr. Chris McCurdy. We are truly excited about the expanding knowledge and continuous progress toward deeper understanding of this incredible plant. We know that in order to continue unobstructed research, kratom must remain legal, so we sponsor the American Kratom Association as a Silver Level Consumer Champion. We are thankful for the incredible strides this organization has made in protecting consumer access to kratom.

Steding & Sons Mercantile is committed to providing exceptional value, peace of mind and experience to our customers. As kratom becomes normalized, conscientious consumers are increasingly demanding vetted vendors. We encourage conscientious individuals to seek out 1836 Kratom, using our online retailer list as a reference point.

Our company stands at the forefront of a cultural shift, serving our community with a focus on fitness and well-being: encouraging responsible kratom use as part of a healthy lifestyle. We are an American owned business, based in Austin, TX, founded by a husband, father, fitness enthusiast and musician. We strive to facilitate learning, kindness, compassion, love, health, wellness and freedom of choice. We seek to share our expanding knowledge with our customers and our abundance with those in need through recurring donations to charities we love. We are grateful for the wonderful customers that share our values.

Thank you so much for considering 1836 Kratom as part of your lifestyle. Have a rad day!

Sincerely,

Jeremy Steding, Founder and President

What Is Kratom?

Provided by Steding & Sons Mercantile, Manufacturer of 1836 Kratom Products

WHAT WE BELIEVE

At Steding & Sons Mercantile (1836 Kratom,) we firmly believe in the right of the consumer to make educated decisions regarding the products they choose to incorporate into their lifestyle. We seek to be transparent and share our beliefs in an ethical manner. Nothing on this poster or any 1836 Kratom advertisement or package is intended as, and should not be interpreted as advice, medical or otherwise. Products are not intended to be and should not be considered a replacement for medical treatment. If you have or may have any kind of medical condition, please consult with a licensed physician as soon as possible.

WHAT IS KRATOM?

Kratom (*Mitragyna Speciosa*) is a cousin of the coffee plant, indigenous to Southeast Asia. Traditionally, the leaves have been brewed as tea and more recently, they have been dried and then crushed or powdered. A growing number of people believe kratom may have health and wellness benefits. Many Americans prefer powdered leaf kratom or capsules.

WHO USES KRATOM AND WHY? IS IT RIGHT FOR YOU?

A growing number of people, recently estimated at 15 million Americans, are believed to use kratom annually. Many people, including a number of doctors, fitness enthusiasts and health professionals believe kratom to have health benefits. Benefits reported include increased energy, focus, relaxation and relief from discomfort or fatigue. At Steding & Sons Mercantile we value the right of the consumer to make informed choices about their health and wellness. We encourage all potential kratom consumers to seek credible research from multiple sources and make decisions in alignment with their personal value system.

IS KRATOM SAFE?

Kratom has been used safely in southeast Asia for hundreds of years and millions of Americans are currently believed to be using kratom safely. American researchers are studying the safety profile of the plant. We encourage consumers to seek credible information. At Steding & Sons Mercantile, we believe that kratom is best used in moderation and note that many extract products have considerably higher alkaloid concentrates than natural kratom. We encourage extra consideration when making decisions about whether to use extract products and how often. At Steding & Sons Mercantile we encourage education, moderation and responsible consumption.

LAST BUT NOT LEAST

Please consult with your physician before using any kratom products. The FDA has not approved these statements. Products shown are not intended to diagnose, treat, prevent or cure any disease. Pregnant/nursing women are advised against use. Products are not for sale to minors.

Is Kratom Right for You? Research. Reflect. Decide.

If you choose kratom, please choose 1836 Kratom!

BRIGHT STRAIN DESCRIPTIONS

Keep On The Sunny Side

Varieties preferred during the day, often as part of a workday or pre-workout out regiment

Great White - The Greatest White Vein Ever! This strain is preferred by those who desire exceptional focus and intensity. Many believe this strain to be ideal for pushing through a challenging project, gym session or a shift! This is our most popular strain.

Green Means Go - A Supercharged Green Malaysian Maeng Da stye, Green Means Go is believed to deliver powerful energy and is favored by many hard workers and athletes alike! An amazing addition to your regimen, inspiring one more rep or one more mile!

Shangri La La - Created by a great friend of ours, Shangri La La is a house blend of greens and whites. This zenful blend is believed to offer a serious energy burst and sense of well being. Conquer your challenges and be happy while doing so! Runners love Shangri La La!

Indonesian Sunrise - Rise and Grind! This powerful white blend is said to brighten your day like the sun that shines from the village of Nanga Banut, Indonesia, where this plant is grown, all the way to Austin, TX, where we live! Long lasting energy to power through your workout or check items off your to do list! Kick Ass. Take Names. Love Life.

Atomic Maeng Da - A full spectrum Maeng Da blend, believed to lean more toward the energy side of the spectrum. Many believe this strain to offer just the right amount of energy, combined with effective relief from pain. This powerful strain may be chosen by those who want strong relief without the sedation associated with the dark strains.

These opinions are not intended as, and should not be interpreted as advice, medical or otherwise. Products in this catalog are not intended to be and should not be considered a replacement for medical treatment. DARK STRAIN DESCRIPTIONS

Good Night Irene

Varieties preferred during the late afternoon or evening as part of rest and recovery

Sand Panther's Super Gold - A balanced blend intended for mellow cats. Sitting right in the middle of the spectrum, this potent variety is believed to be the ultimate "good mood" strain, said to provide relief without excessive sedation. Artists and creatives love the sense of flow associated with this golden blend!

Texas Red - A bold, dark red, cured in the sunshine but best served at night. After a long day in the saddle, this strain is believed to offer amazing pain relief and relaxation. Some prefer this strain to a glass of red wine, as a way to relax without the behavior and calories associated with alcohol. Many athletes love Texas Red at night for rest and recovery. Our best selling dark variety.

99 Red Bali - The ultimate laid back island strain! A slightly brighter red, believed by many to offer a mellow mood and a mild sense of relaxation. People believe this strain to offer effective pain relief and with less sedation than Texas Red. A favorite of socialites and good friends.

8 "Strains" in 9 Sizes (Great White, Texas Red, Green Means Go, Atomic Maeng Da, Shangri La La, Indonesian Sunrise, 99 Red Bali & Sand Panther's Super Gold) are available in the following sizes.

★ SPECIALTY ITEM DESCRIPTIONS ★

Rad Kratom Based Products

Candy Apple Caramel Chews - a fun sized kick! These delicious chews are created with a full spectrum of kratom alkaloids, including 22mg of mitragynine. They taste delicious and are believed to offer a nice boost for occasional kratom consumers! Keep out of reach of children.

Fighter's Full Potential - FOUNDER'S FAVORITE!

Super green kratom powder enhanced w/ turmeric extract, cayenne & cinnamon. Some athletes believe this product to have anti-inflammatory properties & say it provides incentive to push extra hard! Weightlifters, runners, manual laborers and those who "do" love Fighter's Full Potential!

Electric Illumination - High Octane dissolvable tablets. These are believed to be extremely bioavailable, acting quickly to release an electric sense of focus and intention. Loved by writers, thinkers & those who desire all of the benefits of whites & greens, in a POWERFUL tablet. Moderation is strongly advised.

Invisible Electric - Liquid Alkaloid Suspension. Super high voltage, delivering over 430mg of total alkaloids per 15ml bottle, including over 100mg of Mitragynine. Not recommended for the inexperienced or the faint of heart, this powerful liquid is equivalent to over 12g of green vein kratom. Moderation is strongly advised.

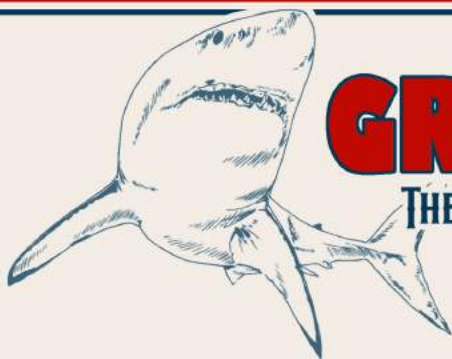

1836 Fitness - Available in powerful peppermint, or spicy cinnamon, these 15ml bottles pack a serious punch! Equivalent to 3-5grams of green/white kratom mixed with 160mg (two cups of coffee) of caffeine! Liquids are believed to offer incredibly fast absorption and may inspire immediate ass kicking!

These opinions are not intended as, and should not be interpreted as advice, medical or otherwise. ★ ★ ELECTRIC ILLUMINATION ⚡ ★ ★

Extremely High Octane Chewable Extract Tablets

Electric Illumination Tablets are Extremely High Octane! 4 tablets come in a beautiful, reusable/recyclable jar. Moderation is strongly advised as these tablets contain 80% Mitragynine (60-70mg per tab) and full-spectrum alkaloid blend.

Each tablet is comparable to 6g of powdered leaf kratom, and are usually compared to energizing white strains.

UNIVERSITY OF FLORIDA

Steding & Sons Mercantile Proudly Supports Kratom Research

NOTE: Steding & Sons Mercantile (1836 Kratom) is not, in any way, affiliated with or endorsed by the University of Florida. Nothing on this page is intended to convey that the University of Florida endorses or supports 1836 Kratom or approves of kratom use in any way.

**WHAT IS
THE
FUTURE
OF
KRATOM
IN THE
USA?**

Research Facility - Apopka, Florida

As a University of Florida Alumni, I am incredibly proud that my alma mater is leading the way in kratom research. Steding & Sons Mercantile is proud to support the research of Dr. Chris McCurdy, and his team in the College of Pharmacy as well as the work of Dr. Brian Pearson, and his team in the College of Agriculture. It was an absolute pleasure to visit these incredible facilities and learn, first hand, about what the studies are finding.

- Jeremy Steding, President

Are you interested in supporting kratom research at The University of Florida? Reach out to Max Hurley (center) at m.hurley@cop.ufl.edu

Please Consider A Donation At:

WWW.AMERICANKRATOM.ORG

We are proud to support the American Kratom Association as a Silver Level Sponsor. We have supported the AKA since our founding, in 2017, and we will continue to grow our support over the course of the years. We are truly grateful for this non-profit organization, and firmly believe that their actions are the reason why kratom remains legal. We eagerly participate in the AKA GMP Program and we fully support regulation of kratom and establishment of framework to further legitimize this incredible plant.

We look forward to a future where kratom takes its place among the established wellness products of the world.
